

BorgWarner Awarded on TIME's List of the World's Most Sustainable Companies 2026

Auburn Hills, Michigan, June 24, 2026 – BorgWarner has been included in the third edition of the World's Most Sustainable Companies 2026. This prestigious award is presented by TIME and Statista Inc., the world-leading statistics portal and industry ranking provider. The award list was announced on June 23rd, 2026, and can be viewed on [Time.com](https://www.time.com).

The World's Most Sustainable Companies 2026 ranking recognizes 750 leading companies in corporate social responsibility from around the globe. Companies were evaluated in more than 20 key performance indicators related to sustainability, such as compliance with international reporting standards, emissions, or commitment to goals and initiatives. Based on this multi-layered analysis, a score was determined for each company. Out of over 5,800 of the world's largest and most influential companies assessed, the top 750 were awarded based on revenue, market capitalization, and public prominence.

Based on the results of the study, BorgWarner is ecstatic to be recognized on TIME's list of the World's Most Sustainable Companies 2026 along with 20 other companies in the Automotive Industry & Suppliers category.

"Being named to TIME's World's Most Sustainable Companies list for the second consecutive year is an honor and a testament to our global teams embedding sustainability across our business and moving toward a cleaner, more energy-efficient future," said Joseph Fadool, President and CEO, BorgWarner. "For more than 130 years, BorgWarner has found opportunity in times of transition, and today we are advancing that legacy through emissions-reducing technologies, responsible operations, and a future-ready, skilled workforce. We believe that sustainability is a driving force for long-term growth, and we are proud of the progress we've made so far."

Forward-Looking Statements: This press release contains forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management's current outlook, expectations, estimates and projections. Words such as "anticipates," "believes," "continues," "could," "designed," "effect," "estimates," "evaluates," "expects," "forecasts," "goal," "guidance," "initiative," "intends," "may," "outlook," "plans," "potential," "predicts," "project," "pursue," "seek," "should," "target," "when," "will," "would," and variations of such words and similar expressions are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact contained or incorporated by reference in this press release that we expect or anticipate will or may occur in the future regarding our business strategy, goals, plans, references to future success and other such matters, are forward-looking statements. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances. Forward-looking statements are not guarantees of performance, and the Company's actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include: the possibility that our engine and machine controllers will not achieve their intended benefits; the supply disruptions impacting us or our customers, commodity availability and pricing; conditions in the automotive industry; competitive challenges from existing and new competitors, including original equipment manufacturer ("OEM") customers; the challenges associated with rapidly changing technologies, including artificial intelligence, and our ability to innovate in response; potential future changes in laws and regulations, including, by way of example, taxes and tariffs, in the countries in which we operate; potential disruptions in the global economy caused by wars or other geopolitical conflicts; our dependence on automotive and truck production, which is highly cyclical and subject to disruptions; our reliance on major OEM customers; impacts of any future strikes involving any of our OEM customers and any actions such OEM customers take in response; fluctuations in interest rates and foreign currency exchange rates; our dependence on information systems; the uncertainty of the global economic environment; the uncertainty surrounding global trade policies, including tariffs and export restrictions, and their impacts on the Company, its customers and its suppliers; and the other risks discussed in reports that we file with the Securities and Exchange Commission, including in Item 1A, "Risk Factors" in our most recently-filed Annual Report on Form 10-K and/or Quarterly Report on Form 10-Q. We do not undertake any obligation to update or announce publicly any updates to or revisions to any of the forward-looking statements in this release to reflect any change in our expectations or any change in events, conditions, circumstances, or assumptions underlying the statements.
