

BorgWarner liefert Turbolader für kompakte und leichte Nutzfahrzeuge eines führenden globalen OEMs

- *Ausbau des Marktanteils in Europa und Nordamerika durch Neukundengeschäft*
- *Kosteneffizienter, langlebiger Wastegate-Turbolader für Benzinmotoren mit 1,0 und 3,0 Litern Hubraum*
- *Optimale Unterstützung des Kunden durch lokale Fertigung*

Auburn Hills, Michigan, 31. Juli 2025 – BorgWarner hat zwei bedeutende Aufträge für Turbolader von einem führenden globalen OEM für dessen nächste Fahrzeuggenerationen in Europa und Nordamerika erhalten. Der bewährte Wastegate-Turbolader des Unternehmens wird in 1,0-Liter-Benzinmotoren in kompakten und leichten Nutzfahrzeugen mit Verbrennungs- und Hybridantrieb in Europa zum Einsatz kommen. Produktionsstart ist für August 2027 geplant. Darüber hinaus wird BorgWarner einen Hochleistungs-Turbolader für eine 3,0-Liter-Benzin-Hybridanwendung in Nordamerika liefern. Die Produktion beginnt im September 2028.

„Diese Auszeichnung unterstreicht unsere Fähigkeit, uns in hart umkämpften Märkten durchzusetzen, indem wir zuverlässige, kosteneffiziente Lösungen und langfristige Lieferzusagen bieten“, sagte Dr. Volker Weng, Vice President of BorgWarner Inc. and President and General Manager, Turbos and Thermal Technologies. „Sie spiegelt unseren strategischen Fokus wider, globale OEMs mit Technologien für Verbrennungsmotoren zu unterstützen, während sich andere aus diesem Bereich zurückziehen.“

Die Wastegate-Turboladertechnologie von BorgWarner bietet eine robuste und effiziente Lösung für Motoren mit kleinem Hubraum. Sie nutzt einen konventionellen Wastegate-Mechanismus zur Steuerung des Ladedrucks und sorgt so für gleichbleibende Motorleistung und Kraftstoffeffizienz – ohne komplexe Zusatzsysteme. Das Produkt überzeugt durch Langlebigkeit, wettbewerbsfähige Preise und langfristige Verfügbarkeit – entscheidende Vorteile in einem sich konsolidierenden Zulieferermarkt. Gefertigt wird das Produkt für diesen Auftrag in den

BorgWarner Werken in Rzeszów (Polen) und Ramos (Mexiko), was lokale Produktionsstrategien unterstützt und Kundennähe unterstreicht.

Über BorgWarner

BorgWarner bringt als globaler Produktführer seit mehr als 130 Jahren erfolgreich Mobilitätsinnovationen auf den Markt. Mit unserem Fokus auf Nachhaltigkeit tragen wir dazu bei, eine saubere, gesunde und sichere Zukunft zu schaffen.

BorgWarner sichert sich zwei Turbolader-Aufträge für die nächste Fahrzeuggeneration kompakter und leichter Nutzfahrzeuge eines führenden globalen OEMs

Forward Looking Statements: This release may contain forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management's current outlook, expectations, estimates and projections. Words such as "anticipates," "believes," "continues," "could," "designed," "effect," "estimates," "evaluates," "expects," "forecasts," "goal," "guidance," "initiative," "intends," "may," "outlook," "plans," "potential," "predicts," "project," "pursue," "seek," "should," "target," "when," "will," "would," and variations of such words and similar expressions are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact, contained or incorporated by reference in this release that we expect or anticipate will or may occur in the future regarding our business strategy, goals, plans, references to future success and other such matters, are forward-looking statements. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances. Forward-looking statements are not guarantees of performance, and the Company's actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this

BorgWarner Inc. (BorgWarner Secures Strategic Turbocharger Business for Global North American OEM's Compact and Light Commercial Vehicles_DE) – 3

release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include: evolving legal, regulatory, and tax regimes; the supply disruptions impacting us or our customers, commodity availability and pricing, and an inability to achieve expected levels of recoverability in commercial negotiations with customers concerning these costs; competitive challenges from existing and new competitors, including original equipment manufacturer (“OEM”) customers; the challenges associated with rapidly changing technologies, and our ability to innovate in response; the difficulty in forecasting demand for electric vehicles and our electric vehicles revenue growth; future changes in laws and regulations, including, by way of example, taxes and tariffs, in the countries in which we operate; potential disruptions in the global economy caused by wars or other geopolitical conflicts; the ability to identify targets and consummate acquisitions on acceptable terms; failure to realize the expected benefits of acquisitions on a timely basis; the possibility that our 2023 tax-free spin-off of our former Fuel Systems and Aftermarket segments into a separate publicly traded company will not achieve its intended benefits; the failure to promptly and effectively integrate acquired businesses; the potential for unknown or inestimable liabilities relating to the acquired businesses; impacts of our exit of the charging business; our dependence on automotive and truck production, which is highly cyclical and subject to disruptions; our reliance on major OEM customers; impacts of any future strikes involving any of our OEM customers and any actions such OEM customers take in response; fluctuations in interest rates and foreign currency exchange rates; our dependence on information systems; the uncertainty of the global economic environment; the uncertainty surrounding global trade policies, including tariffs and export restrictions, and their impacts on the Company, its customers and suppliers and the economies in which the Company operates; the outcome of existing or any future legal proceedings, including litigation with respect to various claims, or governmental investigations, including related litigation; impacts from any potential future acquisition or disposition transactions; and the other risks, noted in reports that we file with the Securities and Exchange Commission, including Item 1A, “Risk Factors” in our most recently-filed Form 10-K and/or Quarterly Report on Form 10-Q. We do not undertake any obligation to update or announce publicly any updates to or revisions to any of the forward-looking statements in this release to reflect any change in our expectations or any change in events, conditions, circumstances, or assumptions underlying the statements.
