

PURCHASE ORDER TERMS AND CONDITIONS MONACO

A Purchase Order is subject to the following terms and conditions.

1. OFFER, ACCEPTANCE, MODIFICATION.

- Unless otherwise stated on the face of the Purchase Order, and subject to Buyer's termination rights, the Purchase Order is a requirements contract under which Buyer will purchase and Seller will sell all (or, if multiple sourced, a specified percentage or range of Buyer's requirements as stated on the face of the Purchase Order) of the goods or services specified for the length of the applicable manufacturer's program production life (including extensions and model refreshes) as determined by the original equipment manufacturer or, if applicable, by Buyer's Customer.
- Written acceptance of the Purchase Order, or commencement of performance of any work or services pursuant to the Purchase Order, will constitute acceptance of the Purchase Order.
- Such acceptance is limited to and constitutes Seller's acceptance of these terms and conditions exclusively. All terms and conditions proposed by Seller that are different from or in addition to the Purchase Order are expressly rejected by Buyer.
- No purported oral agreement or other understanding that attempts in any way to modify the conditions of the agreement resulting from the Purchase Order will be binding upon Buyer.
- Any reference on the face of the Purchase Order to Seller's quote or other prior communication does not imply acceptance of any term, condition or instruction therein, but is solely to incorporate the description or specifications of the goods or services to be supplied to Buyer, and only then to the extent that such description or specifications are not in conflict with the description or specifications on the face of the Purchase Order.

2. PRICE. The Purchase Order must not be filled at prices higher than those specified on the Purchase Order, unless otherwise agreed to in writing by the Buyer. The price specified on the Purchase Order includes all subcontracting costs associated with the Purchase Order. Buyer will have no responsibility for any increased costs incurred by Seller in connection with any raw materials or subcontractors, unless such additional costs have been negotiated and agreed to in advance and in writing by Buyer.

- Seller warrants that the prices specified in the Purchase Order are no less favorable than prices given by Seller to any other customer for like goods or services (after consideration of all discounts, rebates and allowances). If Seller quotes a lower price to anyone or accepts payment of a lower price from anyone during the life of this contract, Seller will quote the same lower price (after consideration of all discounts, rebates and allowances) with respect to any quantity undelivered under the Purchase Order.
- If Buyer is quoted a lower price by someone other than Seller, and Seller, after reasonable notice by Buyer does not wish to meet the lower price, Buyer may purchase any undelivered quantity under the Purchase Order at the lower price,

thereby canceling the Purchase Order with no further liability to Seller for such undelivered quantity.

- The prices specified on the Purchase Order include all applicable taxes, including all national and local taxes that Seller is required by law to collect from Buyer and from which Seller cannot obtain an exemption. Such taxes shall be separately stated on Seller's invoices and shall be paid by Buyer, unless an exemption is available.
- Unless otherwise agreed to in writing by the Buyer, the price specified on the Purchase Order includes all charges for packing, cartage, storage, drayage, and transportation to the DAP (incoterm). Seller shall pay all delivery charges in excess of that which Buyer has agreed in writing to pay.
- Seller warrants that the prices will comply with all applicable governmental laws, rules, regulations and orders.

3. SHIPPING AND PACKING. All shipments of goods must be accompanied by a packing slip, which describes the articles, states the Purchase Order number, and shows the shipment's destination. Seller agrees to promptly forward the original bill of lading or other shipping receipt for each shipment in accordance with Buyer's instructions. No charges will be allowed for packing, crating, and transportation unless stated in the Purchase Order. Goods (including any equipment) shipped under the Purchase Order must be shipped without oil or any other fluids and must comply with all Buyer's specifications concerning compliance with all European, national and local environmental regulations, including, but not limited to, those dealing with air pollution control, wastewater control, chemical usage, and employee exposure. Seller shall bear all liability for spillage if the shipment does not so comply.

4. DELIVERY - RISK OF LOSS. Deliveries must be made both in quantities and at times specified on the face of the Purchase Order or in Buyer's schedules and time is of the essence. Buyer's delivery schedules are an integral part of the Purchase Order, are governed by these terms and conditions and are not independent contracts.

- Buyer will not be required to make payment for goods delivered to Buyer that are in excess of quantities specified in Buyer's delivery schedule on the Purchase Order or in written releases issued by Buyer. Buyer may reject any deliveries made after or before the specified delivery date. Seller will bear all costs and damages incurred by Buyer due to late or early delivery.
- If Seller fails to meet the agreed upon delivery requirements for reasons other than those specified in paragraph 13 below, and Buyer requires a more expeditious method of transportation for the goods than the transportation method originally specified, Seller shall ship the goods as expeditiously as possible at Seller's expense and invoice Buyer for the amount, if any, that Buyer would have paid for normal shipment.

- Unless provided otherwise in the Purchase Order, all goods are sold DAP. Seller shall be responsible for and bear the risk of any loss or damage to the goods until received by the Buyer.

5. INVOICING.

- Seller shall promptly render after delivery of goods or performance of services, correct and complete invoices to Buyer and shall accept payment by check or, at Buyer's discretion, other cash equivalent (including electronic transfer of funds, bill of exchange, bank remittance, purchase cards or electronic transfer of funds).
- Payment shall be due on the 2nd day of the 2nd month following the date Buyer receives the conforming goods or services, but in no event later than 60 days after receipt of the goods or services, except as may otherwise be agreed by the parties in writing, as permitted by law.
- Buyer may withhold payment pending receipt of evidence, in such form and detail as Buyer may direct, of the absence of any liens, encumbrances, and claims on the goods or services provided under the Purchase Order.
- All amounts due Seller shall be considered net of indebtedness or obligations of Seller to Buyer. Buyer may set off against or recoup from any amounts due or to become due to Seller, any amounts due or become due from Buyer however and whenever arising. If an obligation of Seller to Buyer is disputed, contingent or unliquidated, Buyer may defer payment of all or a portion of the amount due to Seller until such obligation is resolved.
- Further, in the event Buyer reasonably feels itself insecure or at risk due to facts that create reasonable doubt regarding the conforming performance according to the agreement, Buyer may withhold and recoup a corresponding amount due Seller to protect against such risk.

6. WARRANTIES OF SELLER.

- Seller expressly warrants that all goods or services covered by the Purchase Order (i) conform to the Purchase Order, specifications, drawings, samples, and descriptions furnished to or by the Buyer, (ii) are merchantable, of good material and workmanship, and free from defect, and (iii) are fit and sufficient for the particular purpose intended by Buyer. If Seller has participated in the design of the item or approved the design, Seller also warrants that the items are free from defects in design.
- Unless stated otherwise on the Purchase Order, Seller warrants that the goods will be free of any defects for a period of 60 months after delivery.
- Buyer is relying upon the expertise of Seller in the selection, manufacture and integration of the goods or services. If Seller is aware, is made aware or becomes aware that the goods or services are not appropriate for the use intended by Buyer or that the specifications given to Seller by Buyer or Buyer's Customer will result in less than optimal performance of the goods or services, Seller shall immediately notify Buyer. Seller shall also notify Buyer if the location or environment of the goods or services within the vehicle or product will affect their performance or if anything (different than that called out in the prints or specifications) is necessary for the goods to perform for the intended use.

- All goods and services are subject to Buyer's inspection. Payment for, inspection of, or receipt of goods or services will not constitute acceptance of the goods or a waiver of any breach of warranty.

7. REJECTION OF GOODS. Nonconforming or defective goods may be returned to the Seller for, at the Buyer's option, full credit or replacement with new goods at the Seller's risk and expense, including all expenses for labor and materials in dealing with or removing the defective parts, all charges for handling, sorting, packaging and transportation both ways. No replacement of nonconforming goods may be made except as authorized by a replacement Purchase Order signed by Buyer.

8. CHANGES.

- Buyer at any time in writing may make changes in the drawings, designs and specifications of the goods or otherwise change the scope of the work covered by the Purchase Order, including work with respect to such matters as drawings, designs, specifications, inspection, testing or quality control, the method of packing and shipping, the place of delivery, shipping instructions, and quantity or delivery schedules. Seller agrees to promptly make such changes.
- If such changes affect the cost or time required for performance, and if Seller makes claim for adjustment in writing within fourteen (14) days of receipt of notification of change, an equitable adjustment shall be made by the parties, and the Purchase Order will be modified accordingly. Otherwise, such claim for equitable adjustment is waived and the Purchase Order will be deemed to be modified.
- Seller shall diligently continue performance of the Purchase Order, as changed, pending agreement on the amount of an equitable adjustment.
- Nothing contained in the Purchase Order shall relieve or excuse Seller from proceeding without delay in performing the Purchase Order as changed.
- Seller must not make any change in design, processing, packing, shipping, or place of delivery without Buyer's written approval.
-

9. TERMINATION FOR BANKRUPTCY. Buyer may immediately terminate the Purchase Order without liability upon the happening of any of the following or any other comparable event: (i) insolvency of the Seller; (ii) filing of a voluntary or involuntary petition in bankruptcy by or against Seller; (iii) appointment of a receiver or trustee for Seller; (iv) any accommodation by Buyer, financial or otherwise, not contemplated by the Purchase Order, that is necessary for Seller to meet its obligations under the Purchase Order; or (v) execution of an assignment for the benefit of creditors by Seller, provided that such petition, appointment, or assignment is not vacated or nullified within fifteen (15) days after such event. Seller shall reimburse Buyer for all costs Buyer incurs in connection with any of the foregoing whether or not the Purchase Order is terminated, including, but not limited to, all attorneys' or other professional fees.

10. TERMINATION FOR CONVENIENCE.

- In addition to any other rights of Buyer to cancel or terminate the Purchase Order, Buyer may terminate all or any part of the Purchase Order at any time and for any reason by giving reasonable prior written notice to Seller.
- Upon receipt of such notice, Seller shall immediately stop work on the Purchase Order or the terminated portion thereof, and notify any subcontractors to do likewise. Buyer shall pay to Seller the Purchase Order price for all goods or services that have been completed in accordance with the Purchase Order and not previously paid for.
- Where articles or materials are to be specifically manufactured for Buyer hereunder and where Seller is not in default, an equitable adjustment shall be made to cover Seller's actual cost, excluding profit, for work-in-process and raw materials as of the date of termination, to the extent such costs are reasonable in amount and are properly allocable or apportionable under generally accepted accounting principles to the terminated portion of the Purchase Order.
- Buyer will not be liable for any charges or expenses incurred by Seller in advance of the normal lead time necessary to meet scheduled delivery dates nor for any expenses, charges or liability incurred subsequent to the giving of notice of cancellation.
- Buyer will make no payments for finished goods, work-in-process, or raw materials in amounts in excess of those authorized by Buyer or for any undelivered goods which are in Seller's standard stock or which are readily marketable.
- Seller must submit any claim to Buyer within thirty (30) days after the date of termination or that claim will be waived. Payments made to Seller under this Paragraph 10 represent the sole responsibility of Buyer in case of cancellation of the Purchase Order and Seller agrees not to charge any other costs, expenses or fees to Buyer nor will Buyer be liable for any other costs, expenses, losses or fees arising out of the cancellation or termination of the Purchase Order under this Paragraph 10.
- Buyer has relied upon Seller's agreement to manufacture the goods or provide the services at the price and on the terms stated in the Purchase Order to allow Buyer to fulfill its contract to sell to Buyer's Customer the products that incorporate the goods or services. Consequently, Seller may not terminate the Purchase Order before expiration, unless for good cause under mandatory laws.

11. TERMINATION FOR DEFAULT. In addition to any other remedies or rights afforded by law, Buyer reserves the right to cancel all or any part of the Purchase Order, for default of Seller, if Seller: (i) repudiates or breaches any of the terms of the Purchase Order, including Seller's warranties; (ii) fails to perform services or deliver goods as specified by Buyer; or (iii) fails to make progress so as to endanger timely and proper completion of services or delivery of goods, and does not correct such failure or breach within ten (10) days after receipt of written notice from Buyer specifying such failure or breach. If Buyer terminates its purchase obligations pursuant to this paragraph, Buyer will have no obligations to Seller in respect of the terminated portion of the Purchase Order and Buyer's liability will be limited to the delivered portion of the Purchase Order

at the rate specified on the face hereof. Buyer will be entitled to recover all damages or losses attributable to such repudiation, breach, or failure by Seller.

12. TRANSITION OF SUPPLY. In connection with the expiration, cancellation or termination of the Purchase Order by either Buyer or Seller, in whole or in part, for any or no cause (including, without limitation, Buyer's decision to change to an alternate source for manufacture of the goods in question, including but not limited to a Buyer-owned or -operated facility), Seller will cooperate in the transition of supply. Seller will continue production and delivery of all goods and services as ordered by Buyer, at the prices and in compliance with the terms of the Purchase Order, without premium or other condition, during the entire period reasonably needed by Buyer to complete the transition to the alternate supplier(s). Subject to Seller's reasonable capacity constraints, Seller will provide special overtime production, storage and/or management of extra inventory of the goods or services, extraordinary packaging and transportation and other special services (collectively, "Transition Support") as expressly requested by Buyer in writing. If resource of the goods or services occurs for reasons other than Seller's termination or breach, Buyer will, at the end of the transition period, pay the reasonable, actual cost of Transition Support as requested and incurred, provided that, upon request, Seller has advised Buyer prior to incurring such amounts of its estimate of such costs. If the parties disagree on the cost of Transition Support, Buyer will pay the agreed portion to Seller and pay the disputed portion into third-party escrow for disbursement after the dispute has been resolved.

13. EXCUSABLE DELAYS. Neither party will be liable for a failure to perform that arises from causes or events beyond its reasonable control and without its fault or negligence, including but not limited to acts of God or the public enemy, actions by any domestic or foreign governmental authority (whether valid or invalid), fires, riots, wars, sabotage, acts of terrorism, labor problems (including lockout strikes and slowdowns), or inability to obtain materials. The affected party shall give written notice of such delay, including the anticipated duration thereof, to the other party within ten (10) days of the beginning of the delay. If Seller is the affected party, Seller shall take all reasonable action, including, but not limited to, utilizing temporary production facilities or a temporary workplace, or moving existing tooling to third party production facilities in order to ensure that the supply of goods and/or services meets the requirements of the Purchase Order. During the period of such delay or failure to perform by Seller, Buyer may purchase goods from other sources and reduce its schedule to Seller by such quantities without any liability. If requested by Buyer, Seller shall, within ten (10) days of such request, provide adequate assurances that the delay will not exceed thirty (30) days. If the delay lasts more than thirty (30) days or Seller does not provide adequate assurances that the delay will cease within thirty (30) days, Buyer may immediately cancel the Purchase Order without liability.

14. LABOR DISPUTES. Seller shall provide at least four months' written notice to Buyer prior to the scheduled expiration of any current labor contract. If requested by the Buyer, Seller shall establish, at Seller's expense, a 30-day inventory of finished goods, at a site mutually agreed upon with Buyer, before the expiration of any such labor contract.

Seller shall notify Buyer immediately of any actual or potential labor dispute delaying or threatening to delay the timely performance of any open purchase order.

15. CUSTOMER REQUIREMENTS.

- Seller shall comply with the applicable terms and conditions of any agreements between Buyer and Buyer's Customer (the "Customer Purchase Orders") pursuant to which Buyer agreed to sell to Buyer's Customer products or assemblies which incorporate the goods provided by Seller hereunder. This provision specifically includes costs and obligations imposed by warranty programs instituted by the original equipment manufacturer that ultimately purchases Buyer's products that incorporate the goods sold by Seller if applicable to Buyer under the terms of the Customer Purchase Order.
- If Buyer is not acting as a Tier One supplier, the defined term "Customer Purchase Order" shall also include the terms and conditions of the original equipment manufacturer that ultimately purchases Buyer's product that incorporates the goods or services sold by Seller.
- Seller will be responsible to ascertain how the disclosed terms affect Seller's performance under the Purchase Order.
- By written notice to Seller, Buyer may elect to disclose and have the provisions of the Customer's Purchase Orders prevail over any term of the Purchase Order at any time.

16. PATTERNS, TOOLS, AND EQUIPMENT.

- Buyer will have title to and the right of immediate possession of any pattern, tools, jigs, dies, equipment or materials furnished or paid for by Buyer, and Seller must not use such tooling while in its possession for any work other than that of Buyer.
- If Seller purchases such tooling with Buyer's funds or is reimbursed by Buyer, Seller shall execute a Bill of Sale and any and all other documents necessary to transfer title free and clear of any liens to Buyer.
- While in Seller's possession, Seller will at all times clearly label and mark such property as owned by the Buyer.
- While in Seller's possession, such property will be held by Seller as a bailee and must be maintained in good and usable condition at no further cost to Buyer.
- Seller shall maintain and administer a program for the maintenance, repair and preservation of such property, and appropriate identification of its ownership in accordance with sound industrial practice. When requested, Seller shall furnish inventory schedules on the property, or return the property to Buyer in the condition in which it was received, except for reasonable wear and tear and consumption in the normal performance of work for Buyer.
- Any material furnished by Seller and paid for by or charged to Buyer will be owned by Buyer, labeled as the property of the Buyer, and held by Seller as a bailee and Seller shall assume the risk for any damage or loss thereto.
- Seller shall indemnify and hold Buyer, its agents and employees, harmless against all claims, demands, liabilities, costs and expenses, based upon or arising out of

the use, storage or handling of the equipment and/or tooling until returned to Buyer's possession.

- Seller shall sign, or hereby authorizes Buyer to sign on its behalf, any documents deemed reasonably necessary by Buyer, to be filed with national or local officials to record Buyer's title and interest in any patterns, tools, jigs, dies, equipment or materials furnished or paid for by Buyer.

17. NON-DISCLOSURE OF INFORMATION DESIGNS AND DATA. Seller shall keep confidential the features of any equipment, tooling, patterns, designs, drawings, processes, engineering and business data and other technical and proprietary information (without limitation), furnished by Buyer and shall use such items only in production of goods under the Purchase Orders from Buyer, unless Buyer's written consent is first obtained. Upon termination or completion of the Purchase Order, Seller shall return all such items to Buyer or make other disposition, as directed by Buyer.

18. INTELLECTUAL PROPERTY.

- Seller warrants that any materials, supplies or other goods furnished by Seller or its affiliates to Buyer will not infringe any domestic or foreign intellectual property right like a patent, trademark, copyright, or mask work right by reason of their manufacture, use or sale, and will not misuse or misappropriate any trade secret.
- Seller shall (i) indemnify, defend, and hold harmless Buyer, its agents, employees, successors and customers against all such claims, demands, losses, suits, damages, liabilities and expenses (including reasonable attorneys' fees) arising out of any suit, claim or action for actual or alleged direct or contributory infringement of, or inducement to infringe, any domestic or foreign patent, trademark, copyright, or mask work right by reason of the manufacture, use, or sale of the goods or services under the Purchase Order, including infringement arising out of compliance with specifications furnished by Buyer, or for actual or alleged misuse or misappropriation of a trade secret resulting directly or indirectly from Seller's actions; (ii) waive any claim against Buyer, including any copyright or mask work right infringement or the like, including claims arising out of compliance with specifications furnished by Buyer; and (iii) grant to Buyer a worldwide, non-exclusive, royalty-free, irrevocable license to repair and have repaired, to reconstruct and have reconstructed, the goods ordered by the Purchase Order.
- In the event work performed by Seller under the Purchase Order results in any invention or work of authorship, whether patentable, copyrightable or not, regarding any engine, drive-train, or automotive component or assembly, or the manufacture or use thereof, Seller hereby assigns and shall assign to Buyer all right, title and interest to such invention or work of authorship and to any patents, copyrights or other intellectual property which Seller may obtain thereon. Seller will assist Buyer, at the request and expense of Buyer, in the completion and execution of all documents necessary to obtain such patents, copyrights or other intellectual property and to perfect and record Buyer's ownership thereof. Seller agrees that any such work of authorship which can be construed to be a "work for

hire” under the provisions of the United States Copyright Act shall be considered a “work for hire”.

- In the event and to the extent that such transfer of ownership is legally not possible, Seller will grant to Buyer an unlimited, unrestricted, worldwide, exclusive, sub-licensable, royalty-free, irrevocable license to such intellectual property right.

19. INDEMNIFICATION AND INSURANCE.

- Seller shall indemnify, defend, and hold harmless Buyer, its agents, employees, customers, and users of its and their products against any and all suits, actions or proceedings, at law or in equity, and from any and all claims, demands, losses, judgments, damages, costs, expenses, or liabilities, including reasonable attorneys' fees, resulting from the death or injury to any person or damage to any property arising out of or in any way connected with the performance of the Purchase Order by Seller or the goods and/or services provided hereunder, or with respect to matters and allegations that the goods and/or services are defective, unfit or unsafe, or that the goods do not meet applicable laws or regulations, even if the loss results from the concurrent or partial negligence of Buyer.
- At Buyer's request, Seller shall defend such claims or suits at Seller's expense by reputable counsel satisfactory to Buyer. Seller shall, at its expense, maintain insurance coverage in amounts satisfactory to Buyer for Workers' Compensation, Employer's Liability and Comprehensive General Bodily Injury and Property Damage. Seller shall furnish Buyer with certificates setting forth the amounts of coverage, policy number(s) and expiration date(s).

20. TECHNICAL INFORMATION. Seller agrees not to assert any claim (other than a claim for patent infringement) with respect to any technical information that Seller has disclosed or may hereafter disclose to Buyer in connection with the goods or services covered by the Purchase Order.

21. COMPLIANCE. In providing goods or services under the Purchase Order, Seller will comply with any and all applicable laws, regulations and other legal requirements, including but not limited to the Federal Occupational Safety and Health Act of 1970, the Federal Hazardous Substances Act, the Transportation Safety Act of 1974, the Hazardous Materials Transportation Act, the Clean Air Act, the Toxic Substances Control Act, the Clean Water Act, the Resource Conservation and Recovery Act, Sections 6,7, and 12 of the Fair Labor Standards Act, the U.S. Foreign Corrupt Practices Act (“FCPA”), the United Kingdom Anti-Bribery Act of 2010 (“Bribery Act”), the Customs-Trade Partnership Against Terrorism (“C-TPAT”) Program, and such amendments to such laws and regulations and policies, orders, permits, licenses and governmental approvals promulgated or issued thereunder and any and all comparable laws. Upon request by Buyer, Seller shall certify in writing, from time to time, its compliance with all or any applicable laws, rules, regulations or legal requirements.

- Seller represents that it is in compliance with all applicable laws and regulations relating to contracting with small and disadvantaged business concerns and to equal

employment opportunity and affirmative action in the employment of minorities, women, individuals with disabilities, and certain veterans. All such laws and regulations are incorporated herein by reference and Seller agrees not to discriminate against any employee or applicant for employment because of age, race, color, religion, sex, national origin, veterans' status, or physical/mental disability that is not related to the performance of the specific position.

- Seller will indemnify, defend, and hold harmless Buyer, its agents, employees, customers, and users of its and their products against all suits, actions or proceedings, at law or in equity, and from all claims, demands, losses, judgments, damages, costs, expenses, or liabilities, including reasonable attorneys' fees, resulting from or arising out of any failure of Seller or Seller's employees, agents, and subcontractors to comply with any applicable laws and regulations.
- Seller agrees to provide all information necessary for Buyer to comply with all applicable laws and regulations, including, without limitation, related legal reporting obligations, in the country(ies) of destination. Seller agrees to provide all documentation and/or electronic transaction records to allow Buyer to meet customs related obligations, any local content and origin requirements, and to obtain all tariff and trade program duty avoidance(s) and/or refund benefits, where applicable. Seller further agrees to assume, and to indemnify Buyer against, all financial responsibility arising from Seller's failure to comply with these requirements and/or to supply Buyer with the information required to meet legal reporting obligations, including, without limitation, any fines, penalties, forfeitures, or counsel fees incurred or imposed as a result of actions taken by the importing country's government. The rights to and benefits of any duty drawback, including rights developed by substitution and rights which may be acquired from Seller's suppliers and export credits, to the extent transferable to Buyer, are the property of Buyer. Seller will provide all documentation and information and take any necessary steps to obtain refunds or drawback of any duty, taxes or fees paid, and to receive export credits from, the government of the country of origin or export country. Seller will provide Buyer with all documentation and information required by applicable law necessary to determine admissibility, timely release, customs clearance and entry of the goods into the destination country. Seller will advise Buyer if the importation or exportation of the goods requires an import or export license and will assist Buyer in obtaining any such license, but will not be required to incur any costs without reimbursement by Buyer. Seller warrants that the information regarding the import or export of the goods supplied to Buyer is true and correct, and that all sales covered by the Purchase Order will be made at not less than fair value under the anti-dumping laws of the countries to which the goods are exported.
- Seller shall use commercially reasonable efforts to ensure that all goods supplied to Buyer and the processes used to make them shall minimize life-cycle environmental impact, including minimizing waste generation, the use of energy and

nonrenewable resources, and the emission of greenhouse gases; and shall maximize the use of recycled, recyclable, biodegradable and nontoxic materials.

- Seller represents that it does not, and shall not, utilize slave, prisoner, child, or any other form of forced or involuntary labor, as defined by applicable law, in connection with the supply of good or services to Buyer under the terms of the Purchase Order.
- Seller shall certify in writing that it is either a participating member of the C-TPAT program as promulgated by the U.S. Customs and Border Protection Bureau or that is in compliance with all applicable supply chain security recommendations or requirements of the C-TPAT program initiative (for more information go to http://cbp.gov/xp/cgov/import/commercial_enforcement/ctpat/) or the requirements of an Authorized Economic Operator (AEO) according to the EU Regulation Nr. 2913/92/EWG. Seller shall indemnify and hold buyer harmless from and against any liability, claims, demands or expenses (including attorneys' or other professional fees) arising from or relating to Seller's noncompliance.
- Seller will, and will ensure that its subcontractors will, not act in a manner or take any action that will, or could be reasonably expected to, render Buyer liable for a violation of the FCPA, the Bribery Act, and any other similar act, law, directive, rule or regulation which prohibits the offering, giving or promising to offer or give, directly or indirectly, money or anything of value to any official of a government, governmental entity or agency, political party or instrumentality to assist Seller or Buyer in obtaining or retaining business or to gain an unfair business advantage.
- During the term of the Purchase Order, Buyer's Customer (or, ultimately, the original equipment manufacturer) may ask or require Buyer to disclose the country of origin of the raw materials or components of Buyer's product or assembly, including, without limitation, the location of the mines from which the minerals were extracted which were used to form such raw materials. At Buyer's request, Seller shall provide all relevant information and reporting as may be requested (including, without limitation, information related to Seller's suppliers) to enable Buyer to completely and accurately make its disclosures, and will take any other actions reasonably required by Buyer to comply with this Section, including, but not limited to, purchasing or otherwise acquiring access to (and requiring Seller's suppliers to purchase or otherwise acquire access to) any raw material "tracking" software or other products or activities required by Buyer. By way of example (but not by way of limitation), the requirements of this Section would include the disclosure to Buyer of information necessary to enable Buyer's Customer (or, ultimately, the original equipment manufacturer) to comply with the Conflict Minerals disclosure mandate under section 1502 of the U.S. Dodd Frank Wall Street Reform and Consumer Protection Act (Public Law 111-203) and regulations promulgated thereunder, potential legislation or regulations enacted by other countries or states pertaining to conflict minerals, as well as for social policies that Buyer, Buyer's Customer or the original equipment manufacturer wish to pursue. If

further guidance on compliance with section 1502 is provided by governmental or regulatory sources from and after the date hereof, Seller acknowledges and agrees that this section will be automatically and without any action required by Buyer modified to require compliance with such additional guidance.

22. RIGHT TO AUDIT.

- Buyer shall have the right, at any reasonable time, to send its authorized representatives to examine all of the Seller's documents and materials relating to Seller's obligations under the Purchase Order or relating to Seller's charges to Buyers.
- If requested by the Buyer, Seller will provide the Buyer with past, present and pro forma financial reports including, but not limited to, income statements, balance sheets, cash flow statements and supporting data for the Seller and any affiliate or subsidiary of Seller involved in producing, supplying, or financing the goods or any component part of the goods.
- The Buyer may use financial reports provided under this Section 22 only to assess the Seller's ongoing ability to perform its obligations under the Purchase Order and for no other purpose, unless the Seller agrees otherwise in writing.
- Seller shall maintain all pertinent books and records relating to the Purchase Order for a period of four (4) years after completion of delivery of products pursuant to the Purchase Order.

23. ETHICAL CONDUCT. Seller's employees shall comply with the BorgWarner Supplier Code of Conduct articulated within the BorgWarner Supplier Manual. Compliance with these standards is a mandatory component of Buyer's purchase contracts worldwide and must also apply to Seller subcontractors. Both, the BorgWarner Supplier Code of Conduct and the BorgWarner Supplier Manual are incorporated by reference as part of the Purchase Order, are binding on the Seller, and Seller explicitly verifies to have read and accepted the BorgWarner Supplier Code of Conduct and the BorgWarner Supplier Manual.

24. QUALITY CONTROL. Seller shall maintain adequate and consistent quality control inspection and testing to assure that goods will consistently conform to specified requirements, and shall, at Buyer's request, furnish substantiated results of quality control inspections and testing in accordance with the BorgWarner Supplier Manual, which has been read and acknowledged by the Seller, is incorporated by reference as part of the Purchase Order and binding on the Seller. Seller shall notify Buyer in writing before changing in any way processes or components used in production or Buyer's specified requirements of goods ordered by Buyer under the Purchase Order. Buyer's specified requirements used in production must not be changed without Buyer's prior written consent and in accordance with the BorgWarner Supplier Manual.

25. SERVICES AT BUYER'S OTHER LOCATIONS. If labor or services in connection with the Purchase Order are performed at any locations occupied or under control of Buyer or other party, Seller agrees to indemnify and hold harmless Buyer, its agents, employees, customers, and users of its and their products against all suits, actions

or proceedings, at law or in equity, and from all claims, demands, losses, judgments, damages, costs, expenses, or liabilities, including reasonable attorneys' fees, arising out of or related to the labor and services to be provided, whether or not related to the conduct of Buyer, its employees or agents unless Buyer's conduct, if any, was grossly negligent or willful.

26. REPLACEMENT PARTS.

- In consideration for the opportunity to sell goods for serial production, Seller shall, in the case of goods requiring servicing, stock or assure continuing production, as may be reasonable appropriate, of replacement parts sufficient to meet Buyer's needs for a period of not less than fifteen (15) years after the last shipment of any goods.
- Seller shall make replacement parts available to Buyer at competitive prices not exceeding those charged to other comparable customers of Seller.

27. MISCELLANEOUS.

- These Terms and Conditions, together with any Purchase Order, any attachments, exhibits, manuals, or supplements specifically referenced herein and/or therein, and any written, existing "Supplier Confidentiality Agreement" (a.k.a. "Supplier Agreement", "Supplier Security Agreement") or the like entered into between Buyer and Seller, constitutes the entire agreement between Seller and Buyer with respect to the matter it contains and supersedes all prior oral or written representations and agreements.
- The Seller enters into the agreement *intuit personae*, and therefore may not assign its rights or delegate its obligations, in whole or in part, under the Purchase Order without Buyer's prior written consent. The sale of a controlling interest in Seller's outstanding voting securities, or a merger or combination involving Seller that changes the voting control of Seller or in which Seller is not the surviving corporation, shall be deemed an assignment of the Purchase Order requiring Buyer's consent.
- Buyer's sole liability to Seller under the Purchase Order (including its termination, expiration or cancellation) is to pay for the goods and services and to pay the specific termination related amounts described above. IN NO EVENT SHALL BUYER BE LIABLE TO SELLER FOR ANTICIPATED OR LOST PROFITS, INTEREST, PENALTIES OR INCIDENTAL, CONSEQUENTIAL, PUNITIVE, MULTIPLE, OR EXEMPLARY DAMAGES OR LIABILITIES IN CONNECTION WITH THIS ORDER, WHETHER FOR BREACH OF CONTRACT, TORT LIABILITY, LATE PAYMENT, PROPERTY DAMAGE, PERSONAL INJURY, ILLNESS, OR DEATH OR OTHERWISE unless Buyer's liability is based on gross negligence or willful acts.
- All payments made under the Purchase Order shall be free of any taxes, duties, levies, fees or other charges, except for withholding taxes. Where any sum due to be paid is subject to any withholding taxes, the Parties are obliged to use

commercially reasonable efforts to do all acts and to sign all documents that will enable them to take advantage of any applicable double taxation agreement or treaty. In the event that there is no applicable double taxation agreement or if an applicable double taxation agreement or treaty reduces, but does not eliminate withholding taxes, the paying Party is obliged to deduct withholding taxes from payment and pay the tax to the appropriate government authority, deduct the amount paid from the amount due to the receiving Party and secure and send the best available evidence of the payment to the receiving Party.

- The Purchase Order includes all related customs duty and import drawback rights, if any, including rights developed by substitution and rights that may be acquired from Seller's supplier(s) which Seller can transfer to Buyer. Seller shall inform Buyer of the existence of any such rights and upon request to supply such documents as may be required to obtain such drawback.
- The failure of either party at any time to require performance by the other party of any provision of the Purchase Order will in no way affect the right to require such performance at any time thereafter, nor will the waiver of either party of a breach of any provision of the Purchase Order constitute a waiver of any succeeding breach of the same or any other provision.
- Seller and Buyer are independent contracting parties and nothing in the Purchase Order will make either party the agent or legal representative of the other for any purpose, nor does it grant either party any authority to assume or to create any obligation on behalf of or in the name of the other.
- If the Purchase Order covers goods or services to be exported into or imported from a country other than Monaco whose laws, rules or regulations affect the composition or quality of the goods or services, or any other material term hereof, Seller shall so inform Buyer and Buyer may, at its option, attach to the Purchase Order a supplement reasonably addressing such laws, rules or regulations, or may direct Seller to those terms and conditions of sale that govern Buyer's purchases in such other country and, upon such direction by Buyer, such alternate terms and conditions shall then govern the Purchase Order.
- The rights and remedies reserved to Buyer in the Terms and Conditions will be cumulative and additional to all other remedies available to Buyer in law or equity.
- Seller's covenants, representations and warranties under these Terms and Conditions and the Purchase Order will survive any delivery, inspection, payment or acceptance and any completion, termination or cancellation of the Purchase Order.

28. SEVERANCE CLAUSE.

If any term of these Terms and Conditions or the Purchase Order is invalid or unenforceable under any statute, regulation, ordinance, executive Purchase Order, or

other rule of law, that term will be mutually replaced by the parties to the extent necessary to comply with such statute, regulation, ordinance, Purchase Order or rule, and the remaining provisions of the Terms and Conditions and the Purchase Order will remain fully in effect.

29. GOVERNING LAW AND VENUE.

These Terms and Conditions and the Purchase Order is to be construed according to the laws of Monaco, without regard to its conflicts of law principles. Seller agrees that the forum and venue for any legal action or proceeding concerning the Terms and Conditions and the Purchase Order will lie in the appropriate courts in Monaco and specifically waives any and all objections to such jurisdiction and venue.
